

# Out In The Forest (Finale)

Track 11: full version

Track 22: backing track

1           Something has happened here tonight,  
              We have begun to put things right.  
              Out in the forest singing songs,  
              Great excitement all night long.  
              Out in the forest, to our delight,  
              It's been happening, happening tonight.

Chorus       *It was our hero Robin Hood.  
              He's always trying to do some good.  
              He stole from the rich to give to the poor  
              But now he needs to steal no more.  
              It's all been happening, it's all been happening,  
              It's all been happening in here tonight.*

2           Greater rejoicing through the land;  
              Robin has won Maid Marian's hand.  
              Congratulations, what a man.  
              Things have changed in Nottingham.  
              Out in the forest, out in the night,  
              It's been happening, happening tonight.

Chorus       *It was our hero Robin Hood.  
              He's always trying to do some good.  
              He stole from the rich to give to the poor  
              But now he needs to steal no more.  
              It's all been happening, (claps)  
              It's all been happening, (claps)  
              It's all been happening, happening tonight.*
