

# WHEN I SAW HER

## **HRH**

- 1 When I saw her, then I loved her,  
Like I'd known her before.  
In that moment, in the silence,  
She was mine, evermore.

## **HRH (with group)**

- CHORUS** *Never in my wildest dreams,  
Never did I ever see  
Anyone as perfect and so 'meant to be'.  
I would give my life for her,  
Be the one that she deserves,  
Maybe there's a world where she's waiting for me?*

## **HRH (with group)**

- 2 When she left me, then it hit me,  
I must see her again.  
She's my future, I feel certain,  
This can't be where it ends.

## **CHORUS (All)**

## **HRH**

- 3 When I find her, then I'll tell her  
All I know to be true.

## **HRH (with group)**

Till that moment, I'll be searching,  
I'll be thinking of you.

## **CHORUS (All)**

## **HRH (with group)**

When I saw her.
